

Ola sticker for VIC

If you have an Ola sticker, it is important to display it clearly, on the bottom right hand side, of your rear window when you are online and accepting rides. You may also display a CPV sign if you do not have an Ola sticker. Drivers who fail to indicate the vehicle is a commercial passenger vehicle (CPV) with either an Ola Sticker or CPV sign, will be fined \$1983, and if the signage is in the wrong position, you will be fined \$413.

Please use the lines below to cut out the sticker to the right size.
